We ordered maps from Amazon

9 weeks on  
the ground  
exploring.

After our exploratory trip, we had a grand welcome home.

Nearly everything we owned was sold at several garage sales, given to friends, family or donated.

And our entire life  
was reduced to  
possessions fitting  
into  
4 suitcases,  
a large duffle,  
a footlocker,  
and an  
Igloo Cooler.

3 Months after our  
2nd exploratory  
trip...

**...We were bound  
for retirement in  
Panama.**

Our first official  
home in Panama  
at  
Las Olas  
in  
Vista Mar Golf and  
Marina.  
Near San Carlos.
